DETAILED ACTION

Election/Restrictions

Upon further consideration the claimed invention and in light of Applicant's Remarks filed 5/23/2005, it has been determined that a restriction of the claims is in order. Restriction to one of the following inventions is required under 35 U.S.C. 121:

- I. **Claims 1-14, 16 and 17** are drawn to computer network monitoring, classified in class 709, subclass 224.
- II. **Claims 15 and 18** are drawn to historical performance measuring and display classified in class 702, subclass 182.

A telephone call was made to Atty. Robert S. Blasi on Monday, August 29, 2005 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).
